PROFILE SUMMARY

A motivated and detail-oriented frontend developer with a strong foundation in HTML, CSS, JavaScript and React seeking position to gain practical experience and contribute to frontend development projects. Passionate about creating engaging and user friendly web applications while continuously learning and growing in a professional environment. I am flexible with different technologies, so I can learn and adapt to new environments quickly and build solutions around them.

TECHNICAL SKILLS

• HTML • CSS • JavaScript • React

PROJECTS

SHOPPING SITE

<https://ifeomablessing.github.io/shoppingcart/>

- Independently built a simple shopping site using HTML, CSS and JavaScript.
- Implemented responsive design principles to ensure optimal user experience on various devices.
- Developed interactive features such as product filtering and sorting.
- Utilized local storage to store and retrieve items in shopping cart.

A RESTAURANT WEBSITE

<https://ifeomablessing.github.io/foodweb/>

- Independently designed and developed a restaurant website using HTML, CSS, and JavaScript.
- Implemented a responsive layout to ensure a seamless user experience across devices.
- Integrated interactive features, such as menu filtering and dynamic content updates.
